## *Welcome to Louada*

Louis Cadesky

It will be a real pleasure to welcome you to Louada on October 23 for this 14th sale. Until then this catalog will give you a sample of the offering.

The program of selective breeding at Louada is showing real results, not only here but also for our good friends and customers around the world. The sons and daughters of Louada Rothes King are well known and this sale includes many of his best. It is even more gratifying to see the wonderful young stock by Denend Constellation and Louada Royal Leader. They are largely responsible for the many outstanding calves that visitors tell us are the best born here to date.

Because so many females were sold in the spring sale, it has been difficult to make up sufficient female numbers for this event. To do it meant dipping into daughters of King and Constellation that were slated to replace their dams at the heart of the herd . . . but here they are in the most choice young female offering we have been privileged to share with you.

Everything is at its best at Louada in October — fine weather, great cattle and congenial people with a common interest. We are very proud that this has become a gathering place for breeders from all over the world. Do come and visit us. You are always welcome.

## *The Dam of Your Louada Stock Bull*

**T**he uniform excellence of the dams of the Louada stock bulls is no accident. They are the result of generations of the best blood the world has ever known. They have been molded from generation after generation of Shorthorn improvement from the master breeders of the world, all carefully fused by years of Louada's own careful program.

Today the cow herd at Louada is perhaps the youngest in the breed. It is filled with magnificent females with the size and capacity to produce regularly and well.

Each of them is capable of producing a stock bull for a leading herd — that's why they're at Louada.

Be sure to see the beautiful young daughters of Louada Roths King that form the nucleus of today's herd. They are grand females with exceptional udders. They have attained their size the natural way and you'd be proud to call any one of them the dam of your stock bull.

*Be a Part of the Excitement That Is Louada!*

Pictured above at former Louada sales are, from left, Dorsey Elliott, Sublette, Kan.; Mrs. James Brennen, Sandy Mackie and Jim Brennen, Poulsbo, Wash.; Leonard Buck, Thomasville, Ga.; Wib Donaldson of Louada. At upper right, Mr. and Mrs. Lou Cadesky greet their guests at dinner the night before the sale. Lower right: At lunch before the sale are Buck Bardwell and Mr. and Mrs. Larry Hart, Waxahachie, Tex.

## *Be Sure to Arrive by Sunday*

Sunday, the day before the sale, is reserved for the kind of relaxation you enjoy most. Indian summer is always beautiful in Ontario and no farm is more pleasant than Louada, nestled on the shores of picturesque Pigeon Lake.

Here you can roam the pastures at leisure inspecting the world's most magnificent cows. See the stock bulls that have spread the Louada name around the globe. And enjoy the companionship of Shorthorn and Polled Shorthorn breeders from all walks of life . . . from all over the world.

Come as early as you like on sale weekend, but don't arrive any later than Sunday. Stay as long as you like and do plan to be Louada's guest at buffet dinner the night before the sale.

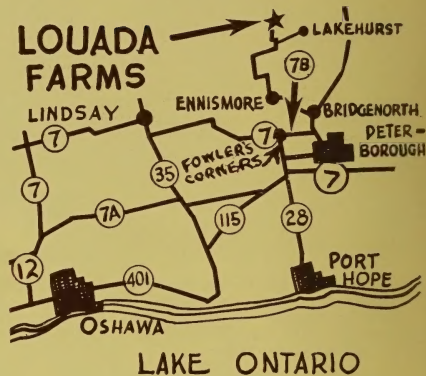

Expressway 401 across Ontario is completed. This means you can drive across Ontario with ease and make good time. Coming from Detroit, go over the bridge (not through the tunnel). West and south of Detroit are fine expressway roads connecting with the Michigan, Ohio, Indiana, and Illinois turnpike systems. From Ohio and farther east study the turnpike systems which lead through the Buffalo and Niagara Falls area. Many of our friends in the Midwest will be able to get on expressways in Illinois and Ohio, for example, and stay on them until they turn north off 401 to Peterborough.

## PETERBOROUGH AREA

From junction of 7 and 28 continue north on 7 to Fowler's Corners. Do not take 28 as it goes into Peterborough. From Fowler's Corners go east to 7B four miles to Chemong Road leading north to Bridgenorth. Then cross Chemong Lake at Bridgenorth, follow farm signs through Ennismore and on to Louada Manor Farms.

These maps are crudely drawn and are not meant to replace road maps. We feel they will be helpful, however.

Louada Manor Farms  
on the shores of  
picturesque Pigeon  
Lake is one of the  
most scenic farms in  
the business.

**H**ow does Louada do it year after year?" The answer is very simple. Generations of careful breeding have given Louada a herd that continually stands at the forefront of the breed.

Today there are more good young bull calves in the pastures than ever before. Most of them are by the grand young Denend Constellation that may well be the most powerful sire ever to set foot on Louada. His prepotence is proved by the uniformly high quality of his calves.

Key to Louada's dominance is the breeding program that has drawn on the breed's surest bloodlines. This depth of pedigree is your assurance that every Louada bull and female will reproduce its own outstanding form.

When Louada sold most of the mature females in the historic spring sale, there were few who thought they could come up

with an equal female offering this fall. One glance will prove that they've done it. But, it meant dipping into the replacement females — daughters of Louada Rothes King and Denend Constellation that had been marked to replace their dams at the heart of the Louada herd! It meant cataloging show heifers like the International first-prize winner Louada Princess Rosie! And it meant parting with five of the last daughters of the immortal Bapton Constructor himself! These females could well give you a stock bull in dam as so many Louada females have before them.

A trip to Louada is always a genuine pleasure. Plan now to be there on October 23. The selections you make will undoubtedly shape the course of your breeding program for years to come.

## *Here's What Louada*

The prepotency of Louada sires breeds on and on both for Louada and its customers. The winners pictured here are just a few of many in the show season just beginning. Year

# *Blood Can Do!*

after year . . . in herd after herd . . . Louada blood is at the forefront building a stronger breed.

The junior get-of-sire by Louada Rothes King was first at the 1966 Eastern National, second at the International Livestock Exposition and nominated for All-American honors.

Once again the grand champion female of the Iowa State Fair was shown by Bill Anderson, West Liberty. This year's winner was WL Rosebud 43rd by Louada Rothes Prince.

## *Denend Constellation*

Perhaps the most prepotent sire of really outstanding bulls ever to trod the pastures at Louada Manor Farms is Denend Constellation. None has ever left a group of sons of such uniform excellence, length and capacity.

No bull living today combines a stronger outcross bloodline through a concentration of three of Scotland's most historic sires — Cruggleton Perfect, Cruggleton Willingdon, and Calrossie Control. Today there is no doubt that Constellation is the best-breeding son of the immortal Bapton Constructor. And, from his dam comes invigorating outcross blood from William Garne's highly regarded Aldsworth Pure Gold family.

The first two sons of Denend Constellation sold in the 1966 sale at a \$3,100 average to Scofield Ranch, Austin, Tex., and George Shaw, Trimble, Mo. And they were just a sample!

Today the pastures at Louada are filled with Constellation calves and experts from around the world agree that none has ever been better. Eight sons sell on October 23! They are bulls of exceptional size with great character and stamina. Here is vital new blood for the world's greatest herds. Here are scale, substance and abundant quality. Set your sights high for the sons of Denend Constellation. They will not disappoint you.

**LOUADA ROTHES KING** — There can be no doubt that Louada Rothes King is one of the truly great stock bulls of the era. His overall conformation has won the praise of beef cattlemen everywhere. His sons have averaged more than \$4,000. His daughters assure the excellence of the Louada herd for years to come. Ten sold in the spring sale to average \$2,050 and included Canada's top-selling female of all time at \$6,700! His dam brought \$3,500 as a nine-year-old cow! In 1965 a son topped the sale at \$17,200. His senior and junior gets-of-sire were All-Americans in both 1965 and 1966. He sired most of the best ten head groups at the 1965 and 1966 International Livestock Expositions and ten sons made up the 1963 best ten head there. A daughter, Louada Judy Clara, was International supreme champion in 1966. One of his first sons, Louada Peerless, owned by John F. Shuman and Sons, Byers, Colo., has been classified AAA. Another son, Louada Jason, is senior stock bull for Tempel Farms, Wadsworth, Ill., after winning the International reserve grand championship. King is by the \$30,000 Louada Bonaparte that was out of the immortal Blood Royal 33rd by Calrossie Highland Leader. On the dam's side are crosses of two more of the breed's most prepotent families — the Kirkton Queens of Rothes and the Tolquhon (Cruggleton) Princess Royals — lines that breed successful stock bulls and have for generations. Five sons of Louada Rothes King and seven daughters sell. They are your opportunity to acquire one of history's most illustrious bloodlines.

**LOUADA ROYAL LEADER** — Louada feels fortunate to have produced this powerful bull that is line-bred to the immortal Blood Royal 33rd, one of the great cows of this, or any breed. She produced her 14th calf for Louada at 17 years. She is also the dam of the \$30,000 Louada Bonaparte; of Louada Blockbuster, stock bull for N. D. Hogg, Uxbridge, Ont.; of Louada Bondholder, stock bull for Gavin, Barry and Ryan of Illinois and Byron Reser of Washington, and of Louada Argosy, sold to Joe Christen, Aurora, Colo. Louada Royal Leader is backed by the most prepotent blood of the breed including Lawton President Roosevelt, Calrossie Highland Leader, Kirkton Baronet and Lawton Field Marshall. Never has the service of a young bull been used from its inception with such a high degree of confidence. His first son offered at auction was Louada Provost that topped the fall sale at \$8,000 to Mains Farm, Poulso, Wash. A full brother, Louada Beau Geste, sells this year! Another son sold privately to Barry and Ryan of Illinois and W. N. Anderson of Iowa. The service of Royal Leader is a feature of this historic sale.

SCOTSDALE WELFARE — The All-American Scotsdale Welfare was bred and developed by S. G. Bennett at Scotsdale and is carefully line-bred to Perth champion Calrossie Prefect whose blood has stood for size and quality for 15 years. Welfare is by Scotsdale Navarre that was supreme champion of the 1961 Royal Winter Fair and matured at 2,300 pounds. Scotsdale Jupiter was International supreme champion in 1956. Scotsdale Lucifer was an International reserve grand champion. The dam of Scotsdale Welfare is Scotsdale Nasturtium Pauline that comes from the revered Calrossie Pauline tribe. Her granddam, Calrossie Patsy Pauline, was a full sister to Calrossie Ocean Wave and a maternal sister to Calrossie Highland Pride. Lawton Hiawatha was grand champion at Melbourne, Australia. His sire, Lawton Nelson, was reserve supreme champion at Perth in 1950 where he sold for 6,600 gns. to Bernardo Duggan of Argentina, who later showed him to the grand championship at Palermo. He made a great influence on the Duggan herd. Scotsdale Welfare is owned jointly by Louada and Allwood Plantation, Thomasville, Ga.

LOUADA JUSTRIGHT — A powerful new junior stock bull for Louada is this good young son of Denend Constellation. A strong out-cross line comes from both his dam, Gotwick Jealous Enid, and from its paternal granddam, Portyerrock Pure Gold. Here is a strong intensification of Cruggleton blood at its very best including Cruggleton Perfect, Cruggleton Willingdon and Cruggleton Assheton. Further strength comes from three of the breed's most respected female lines including Orange Talisman, Millhills Luxury and Millhills Jealousy. Beaufort Commodore was a Royal Highland grand champion and the well-known Collynie Elect topped the Collynie sale and bred exceptionally well at Millhills.

## TRAIN AND PLANE INFORMATION

### By air . . . Chicago to Toronto

Air Canada, United and American airlines have many flights a day — each way — between Chicago and Toronto, leaving from O'Hare Airport.

### By air . . . from other points

In the eastern part of the country, there are direct flights to Toronto from New York and Cleveland. Excellent service also from the Canadian West and East.

### By rail . . .

You can take a sleeper out of Chicago to Toronto and return the same way. Trains generally leave Chicago about 8 p.m. and arrive in Toronto early in the morning. The train from Toronto to Chicago leaves about 10 p.m. Since schedules are subject to change, please check exact departure times.

### By automobile . . .

The present super-highway system makes the drive a good deal easier than ever before. We would like to point out, however, that the cost of a round trip airplane ticket from Chicago-Toronto is only about \$55. Rail is about the same. Traveling alone, it is difficult to beat this by car.

### By rail . . . Toronto-Peterborough

There is good service but there are changes in schedules and we shall not attempt to give you times here. If you have traveled to Toronto by train and find that you can make a good connection on to Peterborough, it will probably be best for you to do so because it is a fast train. However, if you are to encounter a long delay, we would prefer that you call W. W. Donaldson (705) 743-6980, and we will arrange to pick you up with others coming from the airport. Coming back from Peterborough to

Toronto there are generally trains at times that will enable you to make your connections, but in the event you cannot find a convenient connection, we will see to it you have transportation to Toronto.

### Meeting you in Toronto

We will be happy to meet your plane. It is about a two-hour drive to the farm. Try to arrive early enough so you won't miss the gathering at the farm Sunday afternoon and evening. **Please advise us in advance of your arrival time. Then you should report to the flight information desk of Air-Canada.** A representative of Louada will be nearby. If you miss connections, call W. W. Donaldson, (705) 743-6980.

If you are coming by train, you may find it just as convenient to continue by train from Toronto to Peterborough. However, if this doesn't work out, call the farm and we will include you in the cars coming from the airport. Cars will also be going back to the airport after the sale.

### Cars from Peterborough

If you are without transportation upon arriving in Peterborough, contact the farm. On sale day cars will leave from the motel area at approximately 8:30 a.m. and 9:00 a.m.

**All train and plane information given here is approximate. Be sure to check with your ticket agent for exact times. Because schedules change, we cannot quote exact times.**

*We urge you NOT to make your connections so closely that you arrive in Toronto Monday morning.*

*We Urge You to Attend the*  
STRATHORE - MILLAR - ALLENDALE
